## *In Loving Memory*

We celebrate the life of our brother in Christ, Charles Wheeler (#29), who has entered his *Fifth Day* and is in our Lord's glorious presence.

DeColores Brothers and Sisters in Christ,

As I was sitting down at my computer to write this column that I had put off doing, I was thinking I would write something about the beautiful blossoms on some of the trees in the spring. When I turned on the computer, the first thing that popped up on my screen was a Norton Virus Protection update alert. I'm supposed to update my virus definitions so that I will be protected against any new viruses I might download from the Internet. I was irritated! I had too much to do to be bothered with this. As I sat there waiting for the update to download, I realized something about myself. Anytime someone or something intrudes on my plans and my desires, even if it's for my good, I'm irritated! In Deuteronomy God tells us that He has set before us life and prosperity, death and destruction. If we choose His will, walk in His ways and keep His commands, we will experience the life and prosperity He wants us to have. His commands are for our good, our benefit. Yet, so often I feel that God's commands just get in the way of me doing what I want to do. His commands are an annoying intrusion on my freedom. Why do I have to bother with them? You know, that Norton virus definition update didn't take long at all to download. Maybe five minutes total and I'm protected. By doing God's will we'll be protected from death and destruction that sin can bring into our lives. But we do need to regularly update ourselves on God's word, just as I updated my virus definitions. Not because God's word changes, but because the evils coming at us are always taking creative new forms, kind of like new computer viruses.

Perhaps the reason I have been putting off writing this is that I have been so busy fighting for the souls of men and women. Satan himself and his demons are targeting me. Thankfully, I know that the One who is in me is greater than the enemy is. Would you be a target in the spiritual battles of darkness, or are you someone the demons can ignore because you're really no threat to them? In Acts 19 some people made an attempt to cast out demons as the apostles were doing. The demons answered by naming the persons who posed a real threat to them—Jesus and Paul. Paul was the one those demons would target! Would Satan target you? He would only do so if you are actively engaging him in spiritual warfare for the souls of lost sinners. If you are witnessing to your unbelieving neighbor, if you are trying to help a co-worker kick a drug habit, if you are sponsoring someone to go to Unidos, or if you say yes to being on a team (even if it is not being held in a church close to you), then you will be

targeted. But if you're standing on the sidelines just soaking up the grace of God and resting easy in your own salvation, then you're no threat to the enemy. Where are you in the spiritual warfare being waged right now? Are you on the front lines? Are you contending mightily? If so, expect to be targeted! But do not fear! Satan may be mighty but Jesus is Almighty!

I got a little side tracked from what I had originally intended to write—you remember, about those spring blossoms. This morning as I looked across the street I noticed a tree with branches completely covered with beautiful pink blossoms. The blossoms billowed out from the branches. It caught my eye because it looked as though someone had taken the tree and dipped it in a huge bubble bath. You couldn't even see the branches because of all the beautiful pink blooms! I thought about how that tree would look a few weeks from now when the leaves appear, green and lush and full of life. The vision of that tree reminded me of what God has done for us in Jesus Christ. In Christ God has cleansed us with the perfect "bubble bath." He washed us not just outwardly, but through and through. He has washed our sins away. And this washing has given us new life! Just as the blossoms on that "bubble bath" tree will give way to the new life of green leaves, so the washing of rebirth that God gives us in Jesus Christ leads to new life in us. That's why spring is such a great time of year. God has given us a reminder of new life in every blossom, bloom and leaf. All around he's telling us that the death of sin is over and new life has begun, all because of Christ.

I mentioned sponsoring or working on an Unidos weekend—I encourage all of you to consider taking a few days out of your lives to serve the Lord in this way. Sponsoring or working on a weekend involves some sacrifice, but there are rewards as well. Jesus practiced sacrificial giving daily. In our quest to be like Jesus, we need to remember His sacrifices and be willing to make personal sacrifices for the good of others. One thing I always hear from the Weekenders is that they are overwhelmed by the number of people who give of their time and make personal sacrifices to put on the weekend. **HOW ABOUT SHARING SOME OF THE JOY YOU RECEIVED.**

**DOES YOUR CHURCH HAVE A WAITING LIST FOR UNIDOS?** Did you know that in the past year some weekends have actually run at less than capacity? There is a general misconception that we always have a waiting list but this is not the case. If your church has several applications waiting to be sent to us, please get them turned in to our Allocation Coordinator during the appropriate applications period. It is sad to hear someone say, "we had to wait for 3 years to attend when we have had space available."
